

## MEDICAL BATH

The medical bath is open throughout the year from 7 hours to 19 hours.

In addition to the hall's 3 thermal pools, 4 open air leisure thermal pools are at our clients' disposal. The recommended bathing time for thermal pools is 20 minutes. Bathing can be repeated daily, with individually controlled breaks. In the medical bath, complete therapy packages can be requested, besides medical supervision.

## AQUA-PALACE CLOSED LEISURE SPA

The Aqua-Palace closed leisure spa welcomes all family members during the whole year with exclusive spa pools: Tropical bath, ice cave bath, cinema bath, Pávai thermal bath, Ganges bath, Roman bath, sea bath, cave bath.

In the children's world section baby and family pools, play room and play house guarantees the children's whole-day entertainment. The changing room for nappies, for breastfeeding and children's relaxation room offers fullscale comfort to our guests. The water-palace offers a wide scale of wellness and fitness services.

## STRAND

The open air bath, over a 30-hectar well-kept green area is open between May 1- to September 30. All 13 pools are highly popular among visitors, and offer a pleasant experience with a wide-scale selection for all ages. The strand's greatest favorite is the „Mediterranean beach”. Mediterranean atmosphere is guaranteed with the sandy beach, pirate ships, the lighthouse and the rows of palm trees.

## AQUAPARK

Aquapark is located in the strand's area. For entry, a separate ticket is required.

Thereby lovers of the big splashes can enjoy 15 different giant slides.

Our giant slides: four-court multislide, kamikaze, hydroslide, black hole, crazy flow, giant slide, Niagara, big hole and twister.

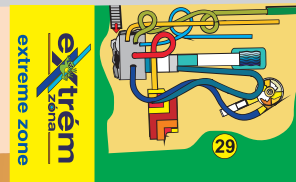

Our extreme slides: freefall-tunnel, water-loop, superwave, tsunami, spaceboat, waterpipe. In the extreme zone the bravest can try the rockclimbing.

For the children we offer adventure pools, mini slides and streaming river.

## ADVENTURE POOLS FOR CHILDREN IN THE AQUAPARK

water adventures

Our medicinal water is proved scientifically to be a qualified medicinal water having a rather high content of minerals: sodium-chloride, hydrogen-carbonate, bromide and iodine. The brownish color of the water is due to the high iodine content.

**Based on our certified thermal waters, over 40 medicinal therapies have therapeutic effects on the following medical conditions:** chronic arthritis, degenerative arthritis, inflammatory conditions of the spine, chronic neuropathy, neuralgia, paralytic conditions due to after effects of Heine-Medin disease, stroke, cerebral surgery or other condition, chronic muscle pain, therapy of sports- and other injuries, bone fracture, types of arteriosclerosis, chronic conditions of gynecology, sterility and chronic skin conditions.

**Bathing is not recommended in the following medical conditions:** acute inflammation, malignant tumor, insufficient circulation, severe hypertension, tuberculosis, severe central nervous system condition, contagious diseases and pregnancy.
