

POLICY supplement during the COVID-19 epidemic

Opening hours of the outdoor bath: on the information boards at the entrances/ gates

Our Public Health Regulation:

1. In order to protect the health and physical integrity of our guests, the bathing complex cannot be visited if you present any of the following illnesses/ symptoms:
fever, infection, vomiting, diarrhea (stomach- or intestinal diseases), skin disease, any kind of respiratory disease or symptom.
2. A thorough soap bath is mandatory before entering the pools. After using the pool an after-bath is recommended!
3. After using the toilet, please wash your hands thoroughly. Soap and disinfectant are available in the wash basins. After using a toilet and before entering a pool a repeated, soapy pre-shower is mandatory!
4. Eating or drinking in the pools is forbidden!
5. Entrance to the pools is possible only in appropriate bathing clothing!
6. Wearing slippers or any kind of footwear is mandatory on the whole area of the complex!
7. Pools for babies and kids can be used by babies only when wearing a swimming diaper!
8. Pools for babies and kids with a prohibition sign are not available for adults!

We inform our guests that the operation of thermal pools and the water-based attractions is not allowed by the Institute of Public Health!

Thank you for respecting our rules and policy for an undisturbed bathing time!
